WIRELESS TRANSMISSION

COURSE DATES

2015

JAN	26 - 27
JUNE	25 - 26
SEPT	17 - 18
NOV	26 - 27

2016

MARCH	10 - 11
-------	---------

COURSE COST, DURATION AND AWARD

£750.00 + VAT

Duration: **2 days**

BTEC Diploma Points: **2**

Course fee includes
BTEC level 3 certificate

This course will guide you through some of the key technical challenges involved in implementing wireless technologies.

The latest innovations in wireless technologies

have encouraged increasing numbers of local government agencies, police, military and commercial organisations to use wireless transmission to convey CCTV images.

This course will teach you the correct methods of designing a wireless security system.

COURSE CONTENT

- ▶ Understanding types of frequencies
- ▶ Designing wireless systems
- ▶ Identify bandwidth capabilities
- ▶ Deployable CCTV
- ▶ COFDM, MESH and ILT explained
- ▶ Law and Legal
- ▶ Hotspots
- ▶ Cellular communications
- ▶ Security and compliance
- ▶ Practical site surveys

Excellent knowledge and delivery, I gained a great deal from this course.
